

June 11 - 13, 2018

Washington, DC

7th Annual

M-Enabling Summit

Promoting Accessible Technologies and Environments

Organized by:

www.m-enabling.com

M-Enabling Summit 2018

The **M-Enabling Summit** has established itself as the leading global conference covering the fast-moving technology innovations that enable seniors and persons with disabilities to access digital content and services and interact with their environment in new ways.

The **M-Enabling Summit** is the ideal venue to support independent living in an interconnected world for seniors and persons with disabilities. With its 2018 theme “**Accessible and Assistive Technologies Innovations: New Frontiers for Independent Living**” the Summit offers a platform for technology vendors to promote their accessible products, services and assistive technologies and to network with accessibility professionals and organizations seeking to address compliance challenges and market development opportunities. Attendees of the **M-Enabling Summit** are decision-makers looking to leverage technological advances in accessibility as an essential differentiator in gaining a competitive advantage.

In addition, the International Association of Accessibility Professionals (IAAP) will again be joining the **M-Enabling Summit** to host technical and organizational training tracks, expanding its reach among accessibility professionals.

The 7th edition of the **M-Enabling Summit Global Conference and Showcase** will be held on June 11-13, 2018 at the Renaissance Arlington Capital View Hotel, in Washington, D.C.

Learn, network, and improve the lives of seniors and people with disabilities.

Featured Topics Include:

- Artificial Intelligence (AI) for user interface
- AI and Robotics for Smart Homes
- Augmented Reality Applications (AR)
- Aging in Place: Connected Health and Big Data for Activity Monitoring
- Accessible Security, Identification and Privacy Protection
- Digital Assistants
- Autonomous Car and Drone Technologies
- Consumer Technology Products and IoT for Independent Living

In the Spotlight at the 2018 M-Enabling Summit:

- Innovation for speech, hearing, visual, mobility and cognitive disabilities
- Entertainment for Independent Living (TV, gaming, movie theaters and public spaces)
- Smart Cities for All
